School Year 2025-2026 Request to Return for Currently Enrolled AMC Students

Attending a charter school is different from attending a public, neighborhood school. While neighborhood schools have boundaries on the map that determine eligibility, all charter schools have requirements for enrollment and have a specific mission & vision. When charter schools adhere to their mission and vision the integrity of their school programs are maintained, so families are better served.

Selecting American Charter Academy (AMC) by choice, you are agreeing with the philosophy of the school and requirements for families, students, and school personnel.

- The American ethos and the ‘Can Do’ spirit are established AMC values – anyone can be successful if they are willing to work. While AMC will remain small in numbers, AMC is *BIG* on knowing American history, civics, and government.
- Multi-age classrooms (K-1; 2-5; 2-8 and 6-8) provide a *one room schoolhouse* setting where students are not limited by their grade level in the challenging rigorous learning environment. Students can excel in specific subject areas, or perhaps they will need to review missed content. In either case, students are continually steered toward their fullest potential.
- The mission of AMC is ‘*Achieving Academic Excellence the American Way!*’ All students, with the support of their families, pursue academic excellence by staying busy and constantly moving forward.
- The AMC community demonstrates excellence – in conduct, dress, self-perceptions, timeliness, attendance, completing homework, academic achievement, and behavior.
- Current students enrolling for SY26 will have shown in SY25 that AMC is a good match for them by having made adequate progress, by having a consistent attendance record, and by having shown excellence through their record of following the rules, as well as by being respectful.

To ensure your student’s slot isn’t filled through the open enrollment process, this “Request to Return Form” must be submitted by the deadline with signatures of each student and parent/guardian.

Deadline for this form is February 14, 2025.

AMC’s New Student Informational Night for SY 2025-2026 is February 20, 2025, at 5:00pm at the school.

Please help spread the word to family and friends who might want to attend AMC. As a charter school, there sometimes are more applications than open spaces, so the earlier families fill out application forms, the better. The first enrollment window for SY 26 closes March 5th. Returning families are also welcome at the February 20th Informational Night.

Room/Advisor Assignments –

The following, pertaining to returning students, is provided for your information:

- Students usually remain in the classroom/advisory group they are currently in, unless they are moving to a grade level not in that classroom.
- Next year’s second graders will be placed in one of the Multi-Age classrooms. Placement in the Multi-Age rooms usually follow our charter of siblings in the same room. MAP scores and reading ability will also be part of class placement determination.
- Students at AMC entering 6th, 7th or 8th grades will be part of our secondary section unless they choose to remain in Mrs. Brady’s Multi-Age classroom which is a 2nd – 8th Multi-Age classroom.

We (parent and student) understand AMC’s Mission: Achieving Academic Excellence...the American Way! We are committed to consistently uphold the above requirements to ensure the integrity of AMC’s program is preserved and to benefit all AMC students and their families. *This form must be submitted by February 14, 2025.*

Signing this agreement signifies you understand AMC’s requirements and the actions needed to keep them.
